

## **ENVIRONMENTAL POLICY**

A1 Chemical Waste Management Limited aim to provide specialist waste management services to a consistently high standard that always protects and enhances the environment.

### **General Policy**

To achieve this aim and pursue our goal of continual environmental improvement A1 Chemical Waste Management Limited will:

Comply with and where possible exceed all legal and other environmental requirements relevant to our activities.

Assess and control the environmental aspects of our activities and services to minimise their impact on the environment, including the waste management services we offer to our all our clients.

Develop eco-efficient working practices by reducing resource consumption and waste generation. Where possible we will recover and recycle our and our customers' wastes.

Understand and control the risks of our activities to minimise environmental pollution, damaging incidents and nuisance incidents to local residents and the environment.

Ensure that employees and contractors have sufficient experience and training to enable them to meet their responsibilities in safeguarding the environment, including compliance with this policy and relevant procedures.

Communicate on the environment with interested parties, including employees, customers and contractors.

**The Directors review the company's Environmental performance and the operational system annually.**
